⁶ Rate review dates from the *Draft Bulletin: Proposed Timing of Submission of Rate Filing Justifications for the 2021 Filing Year for Single Risk Pool Coverage Effective on or after January 1, 2022* available at

<https://www.cms.gov/ccio/resources/Regulations-and-Guidance/index#Review-of-Insurance-Rates>.

⁷ The term “single risk pool coverage” is used to describe non-grandfathered health insurance coverage in the individual or small group (or merged) market that is subject to the single risk pool provisions at 45 CFR 156.80 and is required to submit rate information using the Unified Rate Review Template.

⁸ We recommend that States with Effective Rate Review Programs and Exchanges served by the HealthCare.gov platform set a submission deadline no later than the federal deadline (proposed July 21, 2021) for submission of rate filings that include QHPs, to align with the FFE QHP filing deadlines; however, we understand some States may face challenges in doing so, and they will not be bound by this recommendation.

⁹ States with Effective Rate Review Programs are permitted to establish different submission deadlines for non-QHP-only rate filings as long as the deadline is no later than the federal deadline (proposed July 21, 2021).

¹⁰ CMS will post rate filing information for all single risk pool coverage with rate changes (including both QHPs and non-QHPs), regardless of whether the product includes a plan with a rate increase that is subject to review under 45 CFR 154.210. CMS will not post information that is a trade secret or confidential commercial or financial information as defined in HHS’s Freedom of Information Act regulations at 45 CFR 5.31(d).

¹¹ There are three final submission statuses in HIOS. All submissions that do not have any rate increases subject to review (rate increases less than 15%) must be in a state of “Rate Filing Accepted.” For submissions with rate increases that are subject to review (rate increase of 15% or greater), the submission must be in a status of “Review Complete” if the rate increase received a determination of “not unreasonable” or in a status of “Final Justification Submitted” if the rate increase received a determination of “unreasonable” and the issuer has submitted the final justification.

¹² These filings must be in final status by 3:00 p.m. EDT.

¹³ These filings must be in final status by 3:00 p.m. EDT.

¹⁴ CMS will post rate change information for all single risk pool coverage final rate filings. CMS will not post information that is a trade secret or confidential commercial or financial information, consistent with HHS’s Freedom of Information Act regulations at 45 CFR 5.31(d).

¹⁵ Due to the delay in commencing 2019 benefit year HHS-RADV as a result of the COVID-19 public health emergency, the 2019 benefit year HHS-RADV timeframes are later than usual. For more information on the updated 2019 benefit year HHS-RADV timeline, please see: https://www.hhs.gov/guidance/sites/default/files/hhs-guidance-documents/HRADV_Timeline_073120_5CR_073120.pdf

¹⁶ CMS finalized a policy to combine and apply 2019 and 2020 benefit year HHS-RADV results for non-exiting issuers as a single adjustment that will be applied and collected on the 2020 benefit year HHS-RADV timeline. See (Insert Federal Register Reference). As such, information on the 2019 benefit year HHS-RADV adjustments to transfers for most issuers will not be announced until later in 2022. In the 2022 Payment Notice (Insert Federal Register Reference), CMS also proposed an update to the publication of HHS-RADV results and the collection and disbursement of HHS-RADV transfers and payments. If finalized as proposed, HHS-RADV results for all issuers participating in 2019 and 2020 HHS-RADV will be released no later than early summer 2022 and CMS will begin collecting and disbursing these amounts in summer or fall of 2022.

¹⁷ This report will include information on the combined 2019 and 2020 benefit year HHS-RADV results for non-exiting issuers and the 2020 benefit year HHS-RADV results for exiting issuers. See supra note 16.
