

The Centers for Medicare & Medicaid Services (CMS) is the federal agency that oversees the Medicare program. Many Medicare beneficiaries have other private group health plan (GHP) insurance in addition to their Medicare benefits. There are federal rules that determine whether Medicare or the other GHP insurance pays first.

Section 111 of the Medicare, Medicaid, and SCHIP Extension Act of 2007 (MMSEA), a federal law that became effective January 1, 2009, requires that entities serving as group health insurers, claims processing third-party administrators, and certain employer self-funded/self-administered plan administrators and fiduciaries report specific information about Medicare beneficiaries who have other group health coverage. The Substance Use-Disorder Prevention that Promotes Opioid Recovery and Treatment (SUPPORT) for Patients and Communities Act amended this obligation to mandate the inclusion of primary prescription drug coverage in this reporting as of January 1, 2020. This reporting is to help CMS to properly coordinate payment of benefits among plans so that your medical claims are paid promptly and correctly.

We are asking you to answer the questions below so that we may comply with this law.
