**Notice to Public of Suspension, Revocation, and Cancellation of Approval to Receive Medicare Payment of STL Diagnostic, LLC's CLIA Certificate, and ban of the owner and director, CLIA #26D2197233**

The Centers for Medicare & Medicaid Services (CMS) is providing notice that on December 4, 2023, the STL Diagnostic, LLC, 5203 Chippewa Street, St. Louis, Missouri, 63109's CLIA certificate was suspended and will be revoked on February 28, 2024, due to their failure to meet CLIA requirements. In addition, the cancellation of its approval to receive Medicare payments for its services became effective on December 4, 2023.

The facility has been notified that the CLIA certificate was suspended on December 4, 2023, and will be revoked on January 28, 2024. When a laboratory's CLIA certificate is revoked, it is required to cease all patient laboratory testing, including waived and provider-performed microscopy testing regardless of whether or not the laboratory charges for the testing. In addition, CLIA regulations prohibit the laboratory's owner, Syed Haider, the operator, and its director, Dr. Terry Danielson, from owning, operating, or directing any laboratory for two years from the date of the revocation, or until January 28, 2026. CMS is committed to patient safety and quality of care.

The report of findings associated with these suspension and revocation actions is available through the Kansas City CMS Location Freedom of Information Officer. Please contact Jennifer Street at [jennifer.street@cms.hhs.gov](mailto:jennifer.street@cms.hhs.gov) for additional information.
